

## EDDY FORCES MAKE QUICK TURN, SURPRISE FOES

Christian Scientists Ask  
to Intervene in Suit  
for Accounting.

ACT UNDER TRUST DEED

Show Conveyance Signed by  
Mrs. Eddy and Say They  
Are Real Plaintiffs.

CONCORD, N. H., April 2.—A surprise greater, perhaps, than any previously noted in connection with the case of "next friends" of Mrs. Mary Baker Eddy for an accounting from ten leaders of the Christian Science faith—was created to-day when a petition for leave to intervene was filed as an answer to the action brought against her associates.

In brief the answer, which was filed in the Merrimack County court this afternoon, declares that on March 3 last Mrs. Eddy conveyed all her property to three trustees, who alone now have a right to act for her. By this action the persons who filed the suits as next friends, being volunteers, have no legal standing in the view of the present plaintiff, the right to prosecute the action now being vested in the trustees.

### Ask to Be Substituted

The answer states, specifically, that Mrs. Eddy conveyed all of her property to Henry M. Baker, of Bow, N. H.; Archibald McLellan, of Boston, and Josiah E. Fernald, of Concord, N. H., to be held in trust, and these trustees ask that they be substituted for the plaintiffs previously named in the case. They, the trustees, also ask that they be empowered to proceed against the defendants already designated in whatever manner they deem proper, or, in the phraseology of the legal motion, that they "May be permitted, under the supervision and advice of the court, to prosecute said suit according to its merits and as the protection of the trust or party and estate may seem to require."

Under the terms of the deed of trust, Messrs. Baker, McLellan and Fernald are to hold, subject to certain reservations, all of the real and personal estate, wherever situated, including stocks, bonds and interests in copyrights of Mrs. Eddy and the trustees collectively have furnished bonds in \$50,000 for the faithful performance of their obligation.

The trustees maintain that the suit for an accounting of Mrs. Eddy's property in which ten defendants, all of them members of Mrs. Eddy's household, is brought for the purpose of recovering property alleged to have been diverted by the defendants. That being the case, the trustees hold that it is their duty to prosecute the suit against the defendants, inasmuch as it is the duty of the trustees to preserve and protect the estate of the grantor.

### Only One a Scientist

The deed of trust contains the reservation that Mrs. Eddy may have the right to occupy or rent for her own benefit her two houses on Commonwealth avenue, Boston, and also that the trustees shall pay her such sums of money as may be necessary for defraying the expenses of maintaining her household at Pleasant View, her Concord estate.

Of the three trustees of Mrs. Eddy's estate only one, Archibald McLellan, of Boston, is a member of the Christian Science Church. Henry M. Baker is a former member of Congress and at the present time is chairman of the Committee on Judiciary of the New Hampshire House of Representatives. For many years he has been prominent in New Hampshire politics. Josiah E. Fernald is president of the National State Capitol Bank of Concord. This is the bank at which practically all of Mrs. Eddy's business has been transacted, and Mr. Fernald has acted as Mrs. Eddy's financial agent. Archibald McLellan is the editor of the Christian Science Journal, the monthly magazine devoted to the religion. His headquarters are in Boston.

The suit against Mrs. Eddy was brought by George W. Glover, of Lond. E. D. his daughter, Mary Baker Glover, and George W. Baker, of Bangor, Me.

The defendants are Calvin A. Frye, Alfred Farlow, Irving C. Tomlinson, Ira O. Knapp, William W. Knapp, Stephen A. Chase, Joseph Armstrong, Edward A. Kimball, Herman S. Horing and Lewis C. Strong. Messrs. Frye and Strong are accountants to Mrs. Eddy and the other defendants are leaders in the Christian Science Church in Boston and Concord.

HERE IS A DRINK  
THAT GIVES BRAINS.

Those Who Partake of Moxie Find  
They Can Accomplish Work  
Easier.

To-day there appears in this paper a statement to the effect that "the Moxie season has opened." This has now become a regular spring announcement.

Our readers, however, should not be misled into believing that the Moxie season is confined only to the spring and summer months. Moxie is not the case, for hundreds of thousands of people have learned that to drink Moxie 24 days in the year is necessary for the support of the strenuous life.

People who drink Moxie all the time get better, sleep better and feel better for the use of this nerve-nourishing, sustaining beverage.

For nearly a quarter of a century Moxie has been used to advantage by the thousands of families who have learned that it is not only delicious and refreshing, but also that it will do all times in great benefit to its consumers.

## RIVAL BILLPOSTERS IN LIVELY BATTLE.

The Employees of Klaw & Erlanger  
and Shubert Air Trouble  
in Court.

Albert Meyers, of No. 219 West Forty-third street, a billposter employed by Klaw & Erlanger, appeared as complainant in the West Side Court to-day against Frank J. Gallagher, billposter-in-chief for the Shuberts. The charge was assault.

Meyers said that he passed a billboard on Broadway, near Forty-third street, where Gallagher was posting libelous posters for his employers. Meyers declared that when he stopped to inspect the posters Gallagher walked up to him and smashed him in the eye, knocking him down. Gallagher admitted the smacking, but said Meyers was the aggressor. Magistrate Moss adjourned the hearing until Thursday.

## CRASH KILLS CABMAN; MOTORMAN ARRESTED.

Driver of Vehicle Fatally Hurt in  
Collision With a Thirty-fourth  
Street Car.

William McNamara, of No. 40 Tenth avenue, a motorman employed on the Thirty-fourth street cross-town line, was to-day remanded to the Coroner by Magistrate Moss in the West Side Court in connection with the death of J. Manning, a cabman.

McNamara was running his car just before midnight when it struck the cab driven by Manning, throwing the cabman to the ground. Manning was taken to Roosevelt Hospital with his skull fractured. He died to-day.

### SAYS SHE WAS KIDNAPPED.

WILKES-BARRE, April 2.—Declaring to some visitors in a spy camp near Nanticoke, eight miles from here, that she had been abducted from Cleveland by the grevies, a twelve-year-old girl caused much excitement and an investigation by the police to-day. She said her real name was Louisa Smith. The police could not corroborate the child's story and believe it is fiction.

## 800 FRIGHTENED GIRLS IN FIERY BUILDING SAVED

Fill Stairways in Bond  
Street Factory After  
Explosion.

Aided by the reserves from the Mulberry and Mercer street stations, a score of detectives from Police Headquarters, Fire Commissioner Lantry and Deputy Police Commissioners Bugher and Hanson 800 panic-stricken young women managed to escape safely from the six-story building at Nos. 1 and 5 Bond street, to-day after an explosion of benzine had scattered fire through the top floor.

The girls were employed in the various manufacturing plants on the different floors. There were 200 young women on the top floor working for Clinton Brothers, makers of women's waists, when the explosion occurred. They left their machines in hysterical haste and fought to reach the doors leading into the hallway.

The weaker were being tossed aside and knocked down by their more robust sisters when Foreman George Josephs diverted half of the panic-stricken throng to the fire-escapes that lead down into Shinnoh alley. Before doing this he turned in a private fire alarm. When the girls reached the fire-escapes their screams could be heard at Police Headquarters, which soon emptied itself of rank and file.

Black clouds of smoke were pouring from the windows of the top story and the clamor that came from the vicinity was spreading the report of disaster. The reserves were rushed out from both the Mercer street and Mulberry street stations, and every available man in Police Headquarters was ordered to the scene.

By the time the small army of policemen arrived at the building firemen had got there and put up ladders to the fire-escapes. In spite of the panic and confusion George Beard, the elevator man, ran the big lift up and down, taking in each load the full capacity of the car. The frantic girls jammed themselves in so tightly and fought and scratched so furiously that by the time the elevator reached the bottom at each trip a dozen or more had swooned. These were dragged out of the car by policemen and men and passed out into the street where the cold air and a shower of water revived them.

The fire could not be tackled until the firemen cleared the stairways and fire-escapes of the frantic young women, and when they had all been dragged out the flames had destroyed the entire stock of Clinton Brothers. The fire did not make headway below that floor, however, and the damage done is not estimated at more than \$3,000.

## ELBRIDGE GERRY'S CAR SPEEDED ON 5TH AVE.

Joseph Howland Hunt, Architect,  
and a Party in the Automobile  
at the Time.

George Potter, twenty-six years old, chauffeur of a car owned by Elbridge T. Gerry, No. 2 East Fifty-first street and Newport, was arraigned before Magistrate Whitman in the Jefferson Market Court to-day, charged with speeding on Fifth avenue last night. Joseph Howland Hunt, an architect, of No. 28 East Twenty-first street, gave cash bail for the chauffeur's appearance in the Court of Special Sessions. He was in the car at the time of the arrest, with another man and two women, on their way to a theatre.

The car ran the block between Forty-sixth and Forty-fifth street in seven seconds, testified Patrolman Alfred Bernard. He said that the car was running at the rate of twenty-five and twenty-eight miles per hour. Potter was said to have been at No. 17 West Forty-ninth street, was held in \$200 bail for trial. Magistrate Whitman smilingly remarked: "That block is near my home and the automobiles certainly go fast in that district."

## WOMEN ACCUSED OF DRUGGING VICTIMS

Two Are Cast Into Jail on the  
Complaint of Men Who  
Were Robbed.

A young woman who gave the name of May Lewis said she was twenty-four years old, and lived at No. 24 West Twenty-eighth street, was arraigned in the Jefferson Market Court to-day charged with drugging Lewis Krengle, of No. 350 East Third street and robbing him of \$60.

Krengle reported the robbery to the West Thirty-seventh street station. Detectives Devaney and Moran went to a West Thirty-sixth street house and arrested the young woman. They also arrested Francis McKendle, a young man who was with her. The stolen money and jewelry were not recovered. Both prisoners were held for further examination, the man charged with carrying concealed weapons.

Elate West, thirty-two years old, of No. 210 West One Hundred and Tenth street, whose photograph is in the Register's gallery, was arrested early to-day on a similar charge. Frederick Newcomb, of No. 331 West Fifty-first street, declared he was robbed of \$60 and jewelry. She was also held for further examination.

## TOWED HALF OF THE STEAMER TO PORT.

LONDON, April 2.—A despatch from the Lizard to-day announced that the White Star line steamer Suevic, which went ashore near the Lizard March 17, was cut in two yesterday by means of the extensive use of dynamite, and that her afterpart was finally severed this morning and towed into port. Her forepart is firmly fixed on the reef.

## WOMEN KNOCKED DOWN BY RUNAWAY TEAM.

Horses Took to the Sidewalk and  
Trampled on Them, Bruising  
and Cutting Them.

Mrs. George M. Hilley, of No. 30 Longfellow avenue, and Mrs. Elizabeth McDonald, of No. 104 West Ninety-fifth street, were severely injured this afternoon by being knocked down by a runaway team drawing an ice wagon.

The two women were walking along Columbus avenue near Ninety-fifth street, when the runaways swung around the corner and plied up on the sidewalk with the heavy, lumbering vehicle. Both women were struck down by the horses and trampled. They were taken to the J. Hood Wright Hospital suffering from cuts and bruises. The runaways got tangled with a lamp-post which stopped them.

## JUSTICE BARRETT'S ESTATE ONLY \$62,000.

Jurist Saved Very Little Out of  
005'215 10 41PES SH  
a Year.

The appraisal of the estate of the late Justice George H. Barrett shows that he saved but little out of the salary of \$15,000 which he enjoyed for nearly thirty years. His will was filed months ago. The report of the appraisers shows that he left a total estate of only \$62,767. His house at No. 331 West Seventy-seventh street is appraised at \$11,000 and a property in Saratoga at \$10,000. The rest was deposited in the vaults of a trust company.

### RECTOR RESIGNS.

The Rev. Francis M. S. Taylor, who for seventeen years has been rector of the Church of the Ascension at Mount Vernon, has tendered his resignation to take effect Oct. 1. Beginning in a small chapel in 1880 the church has grown under the leadership of the Rev. Mr. Taylor until it now has a large stone edifice. Before going to Mount Vernon he was archdeacon of the diocese of Springfield, Mass.

## BIG FALLING OFF FOR BETHLEHEM STEEL

Profits Last Year Little More  
Than Half Those for

1905.

NEWARK, N. J., April 2.—The stockholders of the Bethlehem Steel Corporation held their annual meeting to-day in the directors' room of the Fidelity Trust Company. Charles M. Schwab presided.

The annual report of the corporation and its subsidiary companies show manufacturing profits for the year of \$1,859,333, as against \$1,468,832 for 1906. The net income for the year was \$762,748, against \$2,051,070 for the preceding year. The preferred dividends paid during the year amounted to \$394,490, against \$321,780 for the year before. The surplus at the end of the year was \$303,423.30, against \$1,543,618.32 at the end of 1906.

The report says that the decreases are due to the decrease in the number of Government orders, the Bethlehem plant having been especially equipped for that kind of work. Another reason was that new shops and mills had to be erected to turn out steel for ordinary commercial purposes.

John R. Hardin, of Newark, and Samuel Untermyer, of New York, attended the meeting in the interests of the minority stockholders. After they had gone over the report they expressed themselves as satisfied that the corporation was justified in withholding any dividend from the holders of common stock.

Piny B. Fisk, Henry S. Synder and William H. Barnum were re-elected directors.

### STRINE'S CONDITION CRITICAL.

BOSTON, April 2.—Charles W. Strine, manager of the tour of Conried's Metropolitan Company, remains in an extremely precarious condition after an operation for appendicitis, made Thursday night.

## YOUNG GOULD GETS ENGLISH PRAISE

Tennis Expert Predicts Young  
American Will Win Inter-  
national Honors.

LONDON, April 2.—Young Jay Gould, who will compete here for the International Court Tennis Championship, arrived last night. Last year Mr. Gould was beaten by Eustace H. Miles, who has decided not to contest his title this year, owing to business engagements.

The tennis expert of the Tribune says: "I believe Mr. Gould to be a most remarkable amateur tennis player. For so young a player, Mr. Gould is almost unique. His great reach, his quick eye, and his keen realization of the value of playing for a winning opening make a profound impression, and there is a great probability that the honors of the courts will go to America."

### RICHARD MANSFIELD BETTER

The condition of Richard Mansfield, who is ill at his home, No. 318 Riverside Drive, was improved to-day, and it is now thought that he will recover. This announcement was made by Dr. Floyd M. Crandall, the attending physician, after a consultation with two specialists, Drs. G. R. Lockwood and Benjamin Stevens, the actor's manager, said that he had every assurance that the patient could leave his bed in two or three weeks. It is hoped that Mr. Mansfield will be able to carry out the plan of sailing for England on May 4.
